Swim Team? Go to www.parklawnpool.org and click on the Swim Team tab

With the membership categories in this form, you will become a voting member of PRA with all the rights and responsibilities associated with being a member of PRA. A copy of the by-laws and rules can be found on the PRA website: www.parklawnpool.org.

Work-assessment-fee qualifying tasks include, for example, grounds cleanup help, governance or committee participation, volunteer work to set up social, marketing or fundraising activities, etc. (NOTE: Family swim team work requirements ~ e.g., snack bar or swim team meet officials ~ DO NOT qualify.) As summer approaches, the Pool Maintenance Fee coordinator (Dave Galway) will provide more information about the qualifying tasks and the process to fulfill work obligations. Tasks must be approved by the Pool Maintenance Fee coordinator to qualify. Members must be proactive in reaching out to the Pool Maintenance Fee coordinator for assignments. Members can pay the fee and check the box on their membership form indicating that they are opting out of the work requirement OR, if undecided, they can simply pay the fee, not fulfill the work requirement, and forfeit it at the end of the summer. The treasurer rolls over earned fees into subsequent years rather than cut repayment checks annually unless a member specifically requests otherwise. So, for example, if a family pays by May 1st and pays \$525 plus a \$50 work fee and works 4 hours in 2019 then they would only pay \$525 (presuming membership rates stay the same) in 2020 as the \$50 work fee would roll forward to the next year. The family would then have to work 4 hours in 2019 for the roll forward process to continue. For more information, go to www.parklawnpool.org.
